Notes

1. Stipends include the competitive season and any off-season WIAA-approved coach-directed activities.
2. Coaches employed by the District in certificated positions are exempt from overtime under FLSA.
3. Coaches employed by the District in a different non-exempt classified position shall be entitled to overtime under FLSA if they work more than 40 hours in one week in both jobs combined.
4. Coaches not otherwise employed by the District shall be entitled to overtime under FLSA only if they work more than 40 hours in one week in the coaching position.
5. All overtime must be pre-authorized by the school's athletic director.
6. For the purpose of overtime, it is agreed that: a) coaching hours fluctuate from week to week; b) coaches receive their entire salary even if they work less than 40 hours in a week; and c) coaches receive at least minimum wage for overtime hours.

Example of Overtime Calculation

Coach receives a \$4,000 stipend to coach an activity for 10 weeks. Weekly salary is \$400.

(a) Coach works 30 hours and earns the \$400. Hourly rate is \$13.33 - no overtime obligation.

(b) Coach works 50 hours and earns the \$400. Hourly rate is \$8.00 per hour that week - coach gets .5 times the hourly rate for the 10 hours over 40.

In the calculation of the overtime rate, the rate of pay will be that calculated from the stipend or minimum wage - whichever is greater.
