**PARTICIPATION AGREEMENT**

I understand that the International School is a uniquely designed program that uses BSD aligned curriculum. I understand that the requirements exceed many of the minimum requirements for BSD high school graduation and that mastery of a course is required in order to generate credit. As a student and as parents, we make a commitment to this school as a 7-year secondary program. We understand that in order to earn an International School diploma, a student must complete a senior project and will study seven years of Math, Science, Humanities, International Studies, Physical Education, Fine Arts and World Language (French). We acknowledge that we have read and are familiar with the International School Admission Policy and the Bellevue School District Open Enrollment policies and procedures.
