

At Home Connection for Families: How to Access Think Central (Math Expressions & Journeys) from Home

1. Go to Think Central

www.thinkcentral.com

2. Click on either **Reading & Language Arts** or **Mathematics**

3. Click on either the Math Expression logo or Journeys logo. It doesn't matter what one, after logging in you will have access to both.

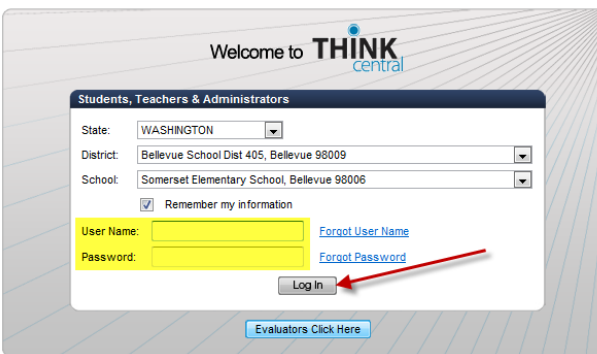

4. To log on your name is your **student ID number** and password is **password**.

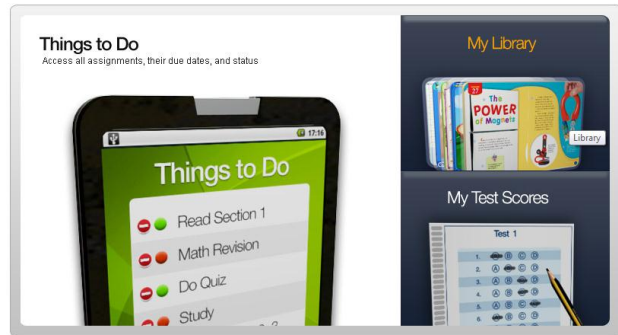

Username: 6-digit number (student specific)

Password: password

*The first time that you login you will need to choose State (Washington), District (Bellevue) and School (Somerset). But, if you check "Remember my information" it will be saved on your computer and you will not have to enter the information again.

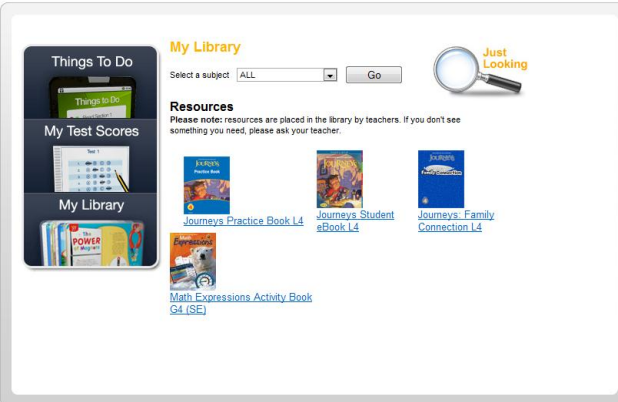

5. After logging in successfully you will see the screen to the right. Click on MY LIBRARY to access resources.

6. In your library you will see the following resources:

- Journeys Practice Book
- Journeys Student eBook
- Journeys Family Connection
- Math Expressions Activity Book

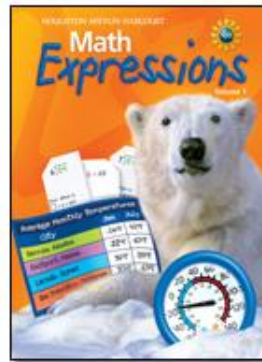

Click on a book cover to access the materials in the book.

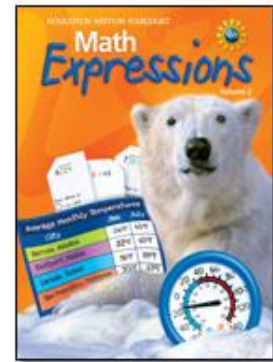

The following directions will assist you in printing Math Expressions Homework and Remembering pages.

7. Click on the cover of the Math Expression book that you are currently using (volume 1 or 2).

Click the book cover to open.

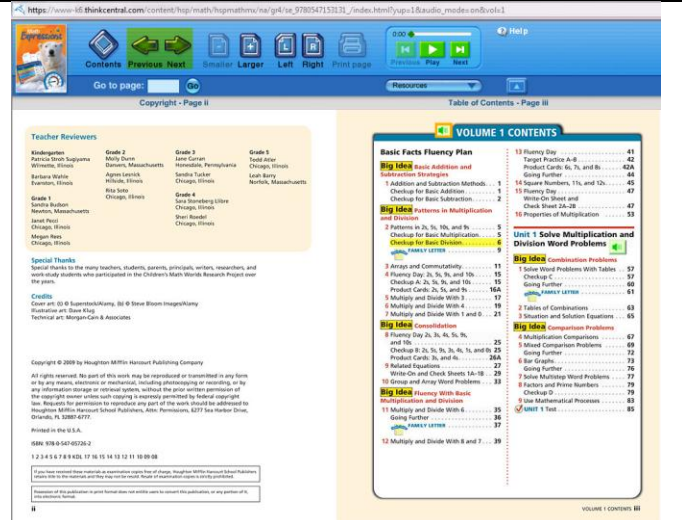

Volume 1

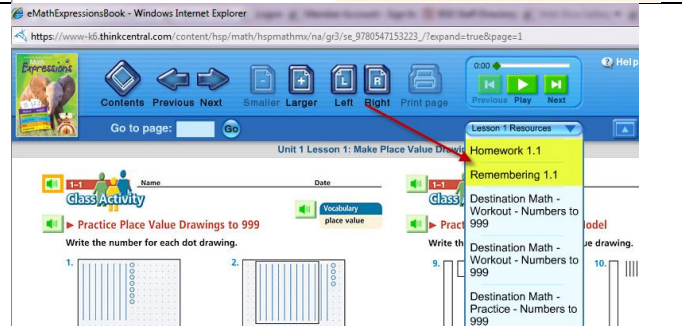

Volume 2

8. Use the green “previous or next” arrow buttons to navigate through your math book to get to your current lesson OR click on the lesson in the Contents.

9. Once you find the lesson that you need the homework for, click on the Resources dropdown menu.

You will then be able to click on either Homework, Remembering or another resource.

10. When the page appears, click print.
